18:20	20:30	Welcome reception , with local food

Thursday 6 June - Academic program - De Bijloke, Bijlokekaai 7, Gent

From	Until	Program			
08:00	all day	Registration			
09:00	09:50	Keynote - Prof. Ellen Beate Hansen Handseter: Children´s risky play – thrilling experiences and developmental benefit			
09:50	10:30	Coffee break			
10:30	12:00	S1 - International insights: Toddler motor skills across diverse cultures and early childhood education and care environments	PS1 - Assessment 1	PS2 - Underlying mechanisms 1	PS3 - Motor competence, associations with physical activity
12:00	13:00	Lunch break + special symposium on Movement ABC-3 & DASH-2 (S11)			
13:00	14:30	S2 - A cross-country comparison of the impact of Developmental Coordination Disorder (DCD)	PS4 - Assessment 2	PS5 - Underlying mechanisms 2	PS6 - Motor competence, longitudinal
14:30	16:00	Moderated electronic postersession (PO1A, PO1B, PO1C, PO1D) with coffee			
16:00	17:15	PS7 - Balance	PS8 - Play, risk, outdoor	PS9 - Transdiagnostics	PS10 - Motor competence, associated factors
17:15	17:30	Break			
17:30	18:20	Keynote - Dr. Bradley King: When children outperform young adults: Examinations into the neural underpinnings of childhood advantages in motor learning			

Friday 7 June - Academic program - De Bijloke, Bijlokekaai 7, Gent

From	Until	Program			
08:00	all day	Registration			
09:00	09:50	Keynote - Prof. Herbert Roeyers: Known but unloved: Motor difficulties in autism			
09:50	10:30	Coffee break			
10:30	12:00	S3 - Assessing Behaviors & Cognition 4 (motor, psychological, social-emotional, cognition) Physical Education - ABC's 4 PE: A motor assessment focus	PS11 - Intervention 1	PS12 - Psychosocial factors	S4 - Combined action observation and motor imagery interventions improve motor skill development and (re)learning across the lifecourse
12:00	13:00	Lunch break + special workshop on COMBINE (S12)			
13:00	14:30	S5 - Validity evidence for the Physical Literacy in Children Questionnaire, a journey without an end	PS13 - Intervention 2	PS14 - Motor Learning	PS15 - Early childhood 1
14:30	16:00	Moderated electronic postersession (PO2A, PO2B, PO2C, PO2D) with coffee			
16:00	17:15	S6 - Highly intensive training: the need, feasibility and preliminary results in children with DCD	PS16 - Awareness	PS17 - Underlying mechanisms 3	S7 - The genetics of DCD
17:15	17:30	Break			
17:30	18:20	Keynote - Prof. David Stodden & Prof. Caterine Pesce: A holistic approach to development: Implications for motor development research			
19:30	01:00	Conference dinner and party @ Concert Hall De Vooruit (Live band and DJ from 21:30)			

Saturday 8 June - Academic program - De Bijloke, Bijlokekaai 7, Gent

From	Until	Program
